Teaching and Learning Research Software Engineering:

paper review & coworking

Room: Workshop B
Tuesday 15:30-18:00

project repository: **https://go.uniwue.de/teach-rse**

- **Follow-up from de-RSE23 community workshop**

- **Draft of paper describing core competencies of Research Software Engineers & how skills and specialisms develop**

- **In this breakout:**
    review the paper and contribute feedback
    compare competencies in the paper with those identified elsewhere
        (inc. Collaborations Workshop 2023)
    draft content to fill gaps & improve the paper

Outcome: prepare paper for upload to pre-print server
